

TAKE SAFETY ALONG FOR THE RIDE

With Avis/Budget, you can be safe and sure-before you even get on the road. Choosing the Loss Damage Waiver (LDW) option limits your financial responsibility for loss of, or damage to, your Avis/Budget car. That means you'll feel comfortable from reservation to rental to return, knowing Avis/Budget has your needs covered.

What is loss Damage Waiver (LDW)?

As an Avis/Budget renter you'll be asked if you want to accept LDW for an additional charge, but remember **LDW is NOT insurance**. LDW is a waiver that relieves you from financial responsibility for loss of, or damage to, your Avis/Budget car as long as you are in compliance with the terms of your Avis/Budget rental Agreement.

Do I need it?

Keep in mind that, without LDW, you may first have to pay for loss or damage to the rental vehicle and then seek reimbursement from your insurance company. Also, your credit card issuer may offer some type of damage coverage. We suggest you find out the exact terms and conditions for both.

How do I get it?

Simply initial the acceptance box labeled "Loss Damage Waiver" on your Avis/Budget Rental Agreement and pay the additional per-day charge. Be sure that you fully understand the terms of LDW before signing the Agreement. If you have any questions, feel free to ask our rental agents who are ready to help you.

What are the exclusions of LDW?

Laws may prohibit Avis/Budget from offering it in other areas of the U.S. If local law (where your Avis/Budget Rental Agreement is signed) provides LDW terms that are different from this in your Avis/Budget Rental Agreement, local law will apply. In addition, the following exclusions may apply in most jurisdictions.

Under the terms of the Avis/Budget Rental Agreement, whether or not you accept LDW, you still will be responsible for loss of, or damage to, the car if you or any additional driver(s):

1. Abuse the car or violate prohibited use of operation.
2. Drive recklessly or while under the influence of alcohol or a controlled substance.
3. Fail to promptly report any damage to the police and Avis/Budget.
4. Fail to complete an accident report.
5. Have obtained the car through fraud or misrepresentation.
6. Use the car for an illegal purpose.

LDW exclusions may vary in some jurisdictions as required by law. Please refer to the Avis/Budget Rental Agreement for a more complete description of the exclusions that apply to your rental.

Thanks to special options like Loss Damage Waiver (LDW), Avis/Budget goes beyond just great cars and special service so you can count on the smoothest, safest ride every time you rent.
